

## Kelly Clarkson - Someone (Ukulele arrangement)

(Original key: Eb major, capo on 3<sup>rd</sup> fret)

[Intro]: C Em Am F

C Em Am  
So this is my apology, for saying all those shitty things  
F C  
I wish I didn't really mean, I'm sorry I'm not sorry  
Em Am  
You had your red flags up and raised, more traffic than east L.A.  
F  
But I drove in anyway, my common sense on holiday

C  
People fall outta phase, we were a crash course  
Em  
We will just be a place stuck on your passport  
Am F  
You traveled to some time, but I hope you will find

C Em  
Someone to cry for, someone to try for  
Am F  
Someone to turn your crooked roads into her streets  
C Em  
Someone to fight for, someone to die for  
Am F  
Someone whose arms will hold you tight enough to be  
C Em Am F  
The reason you breathe, be the reason you breathe

C Em Am  
You stay in love like vacation homes, you like summers on the sunny coast  
F C  
But when the cold need a winter coat, you say you will until you don't  
Em Am  
You wore a compass around your neck, a different north than we ever read  
F  
Well did you get where you're going yet, wish you the worst, wish you the best

C  
I don't know how I fell into your rear view  
Em  
Paralyzed lullaby I couldn't hear you  
Am F  
So I hope you were right, and next to you tonight

There's someone to cry for, someone to try for  
Someone to turn your crooked roads into her streets  
Someone to fight for, someone to die for  
Someone whose arms will hold you tight enough to be  
The reason you breathe, be the reason you breathe  
So this is my apology, for saying all those shitty things  
I wish I didn't really mean, sorry I'm not sorry
