

Sabrina Carpenter - We'll Be the Stars

Verse 1

F Bb
We are young, we are gold, trying things we didn't know
Dm C
Looking at the sky, see it come alive
F Bb
All our fears became our hopes, climbed out every locked window
Dm C
We rode a lion's mane, and fell upon the rain

Pre-Chorus 1

F Bb
We can reach the constellations
Dm Bb F
Trust me, all our dreams are breaking out

Chorus 1

Bb Dm
No we're never gonna turn to dust, yeah all we really need is us
C
Don't be scared to close your eyes, no we're never gonna die, we'll be the stars
F Bb Dm
Oh, no we're never gonna step too far, yeah we're holding on to who we are
C
When it's time to close your eyes, they will see us in the sky, we'll be the stars
Bb F C Bb F C F
Oooh, oooh, we'll be the stars, oooh, oooh, we'll be the stars

Verse 2

F Bb
Let me in, hold me close, fill my heart with simple notes
Dm C
So when it's hard to see, they are there reminding me
F Bb
Take my breath and hold me high, so I can feel the city lights
Dm C F
Glowing under me, it's in our reach, we're breaking out
